**E. DEAN'S celebrated Chemical
Plaster.**
AN IMPORTANT DISCOVERY
FOR Rheumatism, Fevers, Whiteswells,
Inflammation in the eyes, Burns, Scalded
Throat in Scarlet Fever, Quins, &c.
TO THE PUBLIC.
To whom it may concern.—This may certify,
that I, ERNEST DEAN, the proprietor of E.
Dean's Chemical Plaster, have for more than two
years been in a delicate state of health, so that I
have been unable to prepare and circulate said
plaster to that extent which the interest of the
suffering community demands; and feeling that
so valuable an article ought to be made known to
the afflicted, I have made arrangements with H.
Harris & Co., of Ashtabula, Ohio, to manufacture
and vend it in my name as my sole successors.
This, therefore, may be relied on as the genuine
article heretofore prepared by me. As witness my
hand.
ERNEST DEAN.
Westfield, Chautauque Co., N. Y., Jan. 1, 1839.

The Chemical Plaster is an important remedy
to all those who are afflicted with inflammatory
complaints by its easing pain, counteracting
inflammation, and giving speedy relief, by its active,
strengthening and sudorific properties. An effective
remedy for inflammatory rheumatism, acute in
the breast, cramp, burns, bruises, scrofula, old
sores, ulcers of almost every description, cankered
and swelled throat arising from scarlet fever, fel-
lons, white swellings, chilblains, &c.—Persons
suffering from liver complaints, pulmonary diseases,
inflammation of the lungs, with pains in the
side and breast, pain and weakness in the back,
will find relief. In all cases it may be used with
safety.
The Plaster is now put up in boxes at 50
cents and 1 dollar each.
Made and sold, wholesale and retail, by H.
HARRIS & Co., Ashtabula, Ohio, sole proprie-
tors.—None genuine unless signed by H. Harris
on the wrapper.

TESTIMONIALS.
PENN LINE, Pa., April 7.
Messrs. Harris & Co.—Sirs: Since I have used E. Dean's
Chemical Plaster, which I have received from you
at different times, and feel myself in duty
bound to you as proprietors, and to the public
generally, to recommend the same as a safe and
efficacious remedy for those complaints for which
it is recommended. I have used it in several cases
of inflamed eyes, in some of which its effects as a
curative have been decided, and in no case has it
failed of giving relief where it has been applied
according to directions, and all who have used it
are perfectly satisfied with it so far as I know.
I have also applied it in some severe cases of ague
in the breast with the happiest effects.
I would also relate the case of Mr. Thomas
Logan, who has been afflicted with the rheumatism
in one hip for thirteen years, so that he had
been compelled to abandon labor, in a great mea-
sure. I let him have a box of the Plaster, he
applied it, and for three days found, as he supposed,
no benefit, but after that he perceived that
the pain was not so severe, and in less than two
weeks he could labor hard all day and rest free
from pain at night. He says he would not part
with the box he has for three hundred dollars,
providing he could not obtain another. He also
says to me, keep it on hand and recommend it
wherever you go.
I have used the Plaster in cases of pains in the
side, back, shoulders, &c. with like good effect.
Yours, &c. DANIEL KNEELAND, M.D.

MOYOCK, June 18, 1839.
Messrs. Harris & Co.—Sirs: I have used E.
Dean's Chemical Plaster for four years past and
do cheerfully recommend it to physicians and the
public generally as an invaluable remedy in chronic
and acute rheumatism, sprains of the wrist,
ankle, shoulder, &c. In felons, whitlow and
scrofulous swellings of all descriptions, it is generally
an effective remedy. In short, wherever there
is pain, it is almost sure to give relief in a
few hours. I have used it in a great number of
rheumatic affections. One of my patients aged
40, full habit, had a rheumatic swelling on one
leg. He had been unable to get out of the house
for three months; his leg was swelled to an enormous
size, twice its usual bigness; every thing
had been done without success, until we com-
menced using Dean's Chemical Plaster. We enveloped
the knee and a portion of the limb in the
Plaster, and in three days the swelling entirely
disappeared, and in ten days he went about his
ordinary business. Such has been our success
with the article, and we now willingly recom-
mend it to the public for a trial.

Hay's Liniment.
NO FICTON.—This extraordinary chemi-
cal composition, the result of science and the
invention of a celebrated medical man, the intro-
duction of which to the public was invested with
the solemnity of a death bed bequest, has since
gained a reputation unparalleled, fully sustaining
the correctness of the lamented Dr. Grider's fast
confession, that "he dared not die without giving
to posterity the benefit of his knowledge on this
subject," and he therefore bequeathed to his
friend and attendant Solomon Hays the secret of
his discovery.
It is now used in the principal hospitals, and
the private practice in our country, first and most
certainly, for the cure of the Piles, and also so
extensively and effectually as to baffle credulity,
unless where its effects are witnessed. External-
ly in the following complaints:
For Dropsy.—Creating extraordinary absorption
at once.
All swellings.—Reducing them in a few hours.
Rheumatism.—Acute or Chronic, giving quick
ease.
Sore Throat.—By cancers, ulcers or colds.
Croup and Whooping Cough.—Externally,
and over the chest.
All bruises, sprains and burns, curing in a few
hours.
Sore and Ulcers.—Whether fresh or long stand-
ing, and fever sores.
Its operations upon adults and children in re-
ducing rheumatic swellings, and loosening con-
gestions and tightness of the chest by relaxation of
the parts, has been surprising beyond description.—
The common remark of those who have used it in
the Piles, is "It acts like a charm."

Oldridge's Balm of Columbia.
THE HUMAN HAIR.—Where the hair is
observed to be growing thin, nothing can be
more preposterous than the use of oils, grease, or
any fatty matter. Their application can only be
recommended through the grossest ignorance, as
they hasten the fall of the hair, by increasing the
relaxation of the skin. When there is a harsh,
dry, or contracted skin, and where the small blood
vessels which carry nourishment to the bulb are
obstructed, then the oils, &c., may be good, as
they tend to relax the skin; but alone, they are
of no avail. There must be a stimulus, to cause
the vessels from their torpor, and quicken the cir-
culation of the blood.—Extract from *Cleveland's
Treatise on the Hair*.
The Balm of Columbia is the only preparation
that can have that effect, being entirely free from
any oily substance. Its positive qualities are as
follows:
1st.—For infants, keeping the head free from
scurf, and causing a luxuriant growth of hair.
2d.—For ladies after child-birth, restoring the
skin to its natural strength and firmness, and
preventing the falling out of the hair.
3d.—For any person recovering from any debility
the same effect is produced.
4th.—If used in infancy till a good growth is
started, it may be preserved by attention to the
latest period of life.
5th.—It frees the head from dandruff, strength-
ens the roots, imparts health and vigour to the
circulation, and prevents the hair from changing
color or getting gray.
6th.—It causes the hair to curl beautifully when
done up in it over night.
7th.—No ladies' toilet should ever be made with-
out it.
8th.—Children who have by any means contracted
vermin in the head, are immediately and per-
fectly cured of them by its use. It is infallible.

CASE IN POINT.—I had unfortunately lost
nearly all the hair from the top of my head,
when I commenced the use of the Balm of Colum-
bia, and have, by the use of two bottles, had my
head covered with a fine growth of hair. There
can be no mistake in the matter, as any of my
friends can see by calling on me. I had also be-
come quite bald, but had the gray hairs plucked
out, and it has grown in, as the Balm says, of the
natural color. If any body doubts these facts,
let them call upon me. I bought the Balm of
Comstock & Co., 2 Fletcher street.
A. RINDGE.
No. 19 Counties Slip, Agent of Detroit Line,
New-York, Nov. 9.

THE LATE MAYOR of Philadelphia has
certified under seal of the city to the character of
several divines, physicians, and gentlemen of high
standing who declare positively under their own
hands (all of which may be seen at the Office)
that the Balm of Columbia is not only a certain
pre-ventive, but positively a restorative of the
human hair; also, a cure for Dandruff. Who
all disprove, or who go bald?
PO THE INCREDULOUS.—New York, Sep-
tember 28th.—I have been entirely bald during
13 years, and I have, by the use of the genuine
Balm of Columbia, my head covered with fine
hair. I shall be happy to convince the most incred-
ulous, who will take the trouble to call at my
house. I have bought the article of Comstock &
Co., 2 Fletcher street.
J. P. SCHMIDLING,
47, Attorney st.

A young gentleman of 388 South Market street,
Albany, had very coarse, stiff, and straight hair,
all of which he lost by its falling out. He has
used 2 bottles of Balm of Columbia from Comstock
& Co., and now has a full flowing crop of very
long, fine hair, which curls most beautifully! His
father, who is one of the most respectable citizens
of that city, is referred to for the fact.
Mr. Lewis Millard, of Battemuts, Otsego county,
had lost his hair, and had it fully restored by 2
bottles of the Balm. In fact the cures are so nu-
merous that it is quite out of the question to refer
to one in a hundred of those who have experienced
the like effects.
BEWARE!!—Some counterfeiters have at-
tempted to imitate this article. Let it never be
purchased or used unless it has the name of L. S.
Comstock on a splendid wrapper. This is the
only external test that will secure the public from
deception.

nearly all the hair from the top of my head,
when I commenced the use of the Balm of Colum-
bia, and have, by the use of two bottles, had my
head covered with a fine growth of hair. There
can be no mistake in the matter, as any of my
friends can see by calling on me. I had also be-
come quite bald, but had the gray hairs plucked
out, and it has grown in, as the Balm says, of the
natural color. If any body doubts these facts,
let them call upon me. I bought the Balm of
Comstock & Co., 2 Fletcher street.

THE LATE MAYOR of Philadelphia has
certified under seal of the city to the character of
several divines, physicians, and gentlemen of high
standing who declare positively under their own
hands (all of which may be seen at the Office)
that the Balm of Columbia is not only a certain
pre-ventive, but positively a restorative of the
human hair; also, a cure for Dandruff. Who
all disprove, or who go bald?
PO THE INCREDULOUS.—New York, Sep-
tember 28th.—I have been entirely bald during
13 years, and I have, by the use of the genuine
Balm of Columbia, my head covered with fine
hair. I shall be happy to convince the most incred-
ulous, who will take the trouble to call at my
house. I have bought the article of Comstock &
Co., 2 Fletcher street.
J. P. SCHMIDLING,
47, Attorney st.

A young gentleman of 388 South Market street,
Albany, had very coarse, stiff, and straight hair,
all of which he lost by its falling out. He has
used 2 bottles of Balm of Columbia from Comstock
& Co., and now has a full flowing crop of very
long, fine hair, which curls most beautifully! His
father, who is one of the most respectable citizens
of that city, is referred to for the fact.
Mr. Lewis Millard, of Battemuts, Otsego county,
had lost his hair, and had it fully restored by 2
bottles of the Balm. In fact the cures are so nu-
merous that it is quite out of the question to refer
to one in a hundred of those who have experienced
the like effects.
BEWARE!!—Some counterfeiters have at-
tempted to imitate this article. Let it never be
purchased or used unless it has the name of L. S.
Comstock on a splendid wrapper. This is the
only external test that will secure the public from
deception.

Dear Sir—I feel it due to you as the inventor
of the medicine and to the public, who may be
greatly benefited by it, to state a cure that was
performed in my family, by the use of your "Car-
minative Balm."
My little son, when about two months old, was
seized with a *laxated complaint*, caused, as I sup-
pose, by a change of diet. It continued for two
weeks without intermission, and notwithstanding the
remedies prescribed by a respectable physician,
we gave up the child a victim, as we supposed, to
a fatal disease, but I providentially heard of
"Jayne's Carminative," as an effective cure for
bowel complaint, and immediately despatched a
messenger to a town seventeen miles off for a bot-
tle. By the use of this medicine, in less than
thirty six hours the disease was checked; and by
its continued use for a few days the child was
restored to perfect health. Shortly after this,
there occurred a similar case in one of the fam-
ilies of my congregation; I prescribed "Jayne's
Carminative," and the result was a speedy cure.
From a knowledge of the efficacy of your medi-
cine in bowel complaints, a disease to which
children are constantly liable, I have obtained and
keep constantly in the house, a quantity of the
"Carminative."
The same child, owing to exposure, when re-
cently coming up the Ohio, was attacked by the
horrible malady, CROUP. We landed in the
night at Beaver Point, and when our fears were
alarmed lest the hoarse sepulchral cough was the
forerunner of death, we gave him a teaspoon full
of the "Expectorant," (a bottle of which you pre-
sented me with when in Philadelphia) and applied
some liniment to the throat and breast, and be-
fore many minutes the hoarseness was gone, the
child breathed freely and slept sweetly. Owing
to these circumstances it cannot be wondered at
why I have so high an opinion of Dr. Jayne's
medicine, and why I advise every family to keep
it on hand ready for any emergency.
Respectfully yours,
ARTHUR B. BRADFORD,
Pastor of the Presbyterian Church, Darlington,

Dr. D. JAYNE.

Lambertville, N. J., April 27th, 1839.
Dr. JAYNE—Dear Sir—By the blessing of God
your INDIAN EXPECTORANT has effected a
cure in me of a most distressing complaint. In
December last, I was seized with great severity
by a Paroxysm of Asthma; a disease with which
I had been afflicted for many years past. It was
attended with a hoarseness and soreness of the
lungs and throat, together with a laborious cough,
and complete prostration of strength, and when
almost worn out with suffocation, a bottle of your
Expectorant was sent to my house. At first I
thought it was nothing but quackery, but seeing it
so highly recommended by Dr. Going, with
whom I was well acquainted, I was induced to try
it, and in a few days it completely cured me, nor
have I ever had any return of the disease since.
I have now formed so high an opinion of your
medicine, that if I had but a few bottles of it, I
could obtain no more, I would not part with them
for ten dollars each.
Yours, most respectfully,
JOHN SEGER.
Pastor of the Baptist Church at Lambertville.

PHILADELPHIA, June 9th, 1838.
To my personal friends—I would say, that I
am well acquainted with David Jayne, M. D.,
and know him to be a respectable Physician and
Druggist of this city—a gentleman in whom en-
tire confidence may be placed. I have tested in
my own case the beneficial effects of his CAR-
MINATIVE BALM, and have greater confi-
dence in it than all the other medicines of the kind.
His EXPECTORANT is equally celebrated and
effective.

Agent of the Baptist General Tract Society.
